

Future Proofing Foodservice

Chef Supplier Forum - Working in Partnership towards a sustainable industry

16th September 2019 – Dublin

Event Details

Date: 16th September 2019

Time: 3pm – 6pm

Venue: Thinking House by Bord Bia, Dublin

Seminar: Presentations, Panel Discussion, Q&A

Supplier Showcase: Networking, Food & Drink

Objective:

To bring together chefs and industry suppliers to focus on actions the industry can take towards increased sustainability within the foodservice sector.

The event will highlight the demands of the industry to make the sector more sustainable and environmentally friendly via practical examples and case studies, exploring how suppliers can support these aims and showcase existing products and services that support industry sustainability.

This event will focus on the following core themes:

- ◆ **Disposing of disposables**
- ◆ **Sustainability on the menu**
- ◆ **Sustainability is good for business**

Key outcomes will be raised awareness among chefs and suppliers on reducing environmental impacts, practical examples of how to achieve this and a directory of products and services that can assist.

*Supplier Showcase Opportunity
